EDUCATION

University of Texas at Dallas

Richardson, TX

Bachelor of Science in Computer Science

Dec. 2026

Relevant Coursework: **Data Structures, Systems Programming, Intro to Machine Learning, OS Concepts, Computer Architecture**

Carroll Senior High School

Southlake, TX

High School Diploma (STEM Emphasis), GPA: 4.0 (98.836/100)

Aug. 2020 – May 2024

EXPERIENCE

Assistant Software Engineer | Mashfrog (Remote)

May 2025 – Present

- Automated business workflows by designing, testing, and deploying bots using **Infor RPA** and Gen AI, improving efficiency and exception handling across key processes.
- Developed custom UI components within **Infor OS** using **Angular** and **TypeScript** for H5 SDK-based applications.
- Streamlined customer data flows by configuring integrations and managing API endpoints through **Infor ION**.
- Contributed to full-cycle ERP solution delivery on the **Infor OS** platform by gathering requirements, customizing modules, and supporting deployment efforts across teams.

Assistant Manager | Kumon, Roanoke, TX

Feb. 2024 – Sept. 2024

- Managed front desk operations, **enrollment** and **scheduling** for 50+ students weekly.
- Implemented and maintained **QuickBooks** for financial tracking and invoicing.
- Supported **marketing campaigns** via social media and local outreach, increasing enrollments by 15%.

Theatre Member | Cinemark Tinseltown, Grapevine, TX

June 2022 – Jan. 2024

- Delivered exceptional customer service including ticket sales and concessions using **POS systems**.
- Managed inventory control and reporting in **Excel** to optimize stock levels.

Tutor | Chelsea Hall, Southlake, TX

Aug. 2022 – May 2023

- Provided personalized tutoring in **Java** and **Python**, improving student grades by at least one letter.
- Created custom **lesson plans** and practice problems aligned with curriculum objectives.

PROJECTS

AI Music Genre Classifier | Python, TensorFlow, React

Sept. 2024 – Dec. 2024

- Built a **CNN model** using **librosa** and **TensorFlow** to classify most genres with 90% accuracy.
- Engineered **audio preprocessing** pipeline: spectrogram generation, normalization, and data augmentation.
- Developed a **React** front-end for real-time file uploads and inference, deployed on AWS Lambda.

CometPark: UTD Parking Solution | Remix, TypeScript, Pinata

Nov. 2024

- Designed a **full-stack web app** to track parking lot ratings via image uploads using **Pinata** IPFS.
- Implemented **real-time analytics** dashboard with live updates using **WebSockets**.
- Optimized database queries in **MongoDB** to handle 10,000+ user interactions efficiently.

Personal Portfolio Website | HTML, CSS, React, Node.js

Sept. 2024 – Present

- Designed a **responsive UI** with mobile-first approach and **performance optimizations**.
- Integrated **Node.js** backend for contact form submissions with email routing via SendGrid API.

CERTIFICATIONS

AWS Certified Cloud Practitioner, Issued Apr. 2025

TECHNICAL SKILLS

- **Languages:** Java, Python, C++, JavaScript (TypeScript), HTML, CSS, SQL
- **Frameworks/Tools:** React, Angular, Node.js, Remix, MongoDB, Git, LaTeX
- **Cloud & DevOps:** AWS (Lambda, S3), Azure, Google Cloud, Pinata IPFS
- **Automation & RPA:** Infor OS ION, Infor RPA
- **Systems & Networking:** Windows, macOS, Linux, TCP/IP, DNS
